

Showsilk Protein Conditioner

A soft and healthy coat can be achieved by using Equinade Showsilk Protein Conditioner.

To help maintain your animal's health and well-being it is important to clean and care for their coat correctly.

All Showsilk products have been pH balanced to be gentle to best care for the needs of your animal's skin and coat.

What are the benefits for you and your pet?

-  Gives a long-lasting shine and silky softness to the coat
-  Untangles knots easily - without damaging or splitting the individual hair fibres. Ideal for tails and manes!
-  Restores the skin's natural pH level (acid mantle) to help prevent the onset of skin problems
-  The added protein is absorbed by the hair fibres to give body to the coat and protect the individual hairs from splitting and drying
-  Protects the coat from staining and attracting dirt
-  Provides some protection to the coat against damage caused by the sun, dirt and rain

Available in 500ml, 1 litre, 2.5 litres, 5 litres and 20 litres from your local pet, produce and equestrian store.
